Section Day Frenzy!

May

Well, what didn't happen this month?? May was jam packed with Section days from RAF Wittering, RAF Waddington, RAF Marham and RAF Cottesmore. These Section days are a fantastic way for people who are new to the sport to come and have a go on quiet water in a relaxed atmosphere. It can be pretty daunting trying out water-skiing or wakeboarding so a section day is the best way to learn as everyone can learn together. Anyone can organise them so if you fancy giving your section a group bonding session, just contact your Station IC for

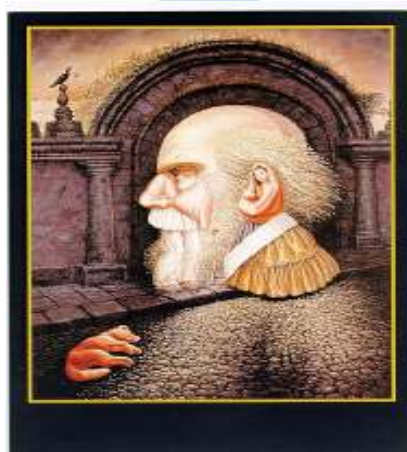

The committee got together on the 19th for a meeting. We saw Cpl Krissy Robertson act as secretary for the first time and she did a great job in keeping the meeting under control as well as recording those vital minutes

Thanks to the Sports Board for past funding and the committee also thanks the Sports Lottery for all WWA funding and agreed to encourage that all members were to hold the full quota of five Sports Lottery tickets.

On the 20th and 21st of May, East Midlands Units Wakeboard and Water-ski Club opened its doors to the one and only Pro Wakeboarder Lee Debus. This was an amazing opportunity for potential team members to take on some great tips and nail some difficult tricks. Lee brought with him some great helmets that had one way radios built into him so he could coach us as we were actually boarding. It was slightly disconcerting hearing his voice mid invert, spin or jump but they were brilliant and they allowed non-stop coaching. We couldn't have ordered better weather from ordersomesun.com and the day was spent in shorts as we sporadically jumped in the lake to cool off. This was in stark contrast to the previous year where we huddled in the boat under layers of gortex as the rain hammered down, peering out at the grey outline of the poor boarder battling over white top waves.

Fahrenheit

Temperature update: 69 degrees!
